Paul A. Davies & Tim Falla

NEW

NEW

Exactly the right mix of support and challenge  
that ESO students need.

### \* A step-by-step, cumulative approach to learning grammar

*Oxford Spotlight* presents grammar in a way which helps students to learn: first of all, they practise different aspects of each grammar point separately; they then practise the different aspects together in more challenging exercises.

### \* Particular support for speaking and writing

*Oxford Spotlight* contains model dialogues, for speaking practice, and model writing texts. The activities which accompany the dialogues and writing texts give students the confidence to participate in simple conversations, and to produce their own written work.

### \* A range of options to motivate your students

A teenage photo diary and a selection of pop songs in the Student's Book help you to keep students motivated. The Fun Pack, with games, puzzles, and festivals material, and a first-rate video/DVD and MultiROM are also a great aid to student motivation.

## New Thumbs up!

ESO 1 - 4

Norman Whitney and Tim Falla

**An accessible, easy-to-use course with a gradual progression.**

**Based on a real understanding of what teachers and students want from a course book**

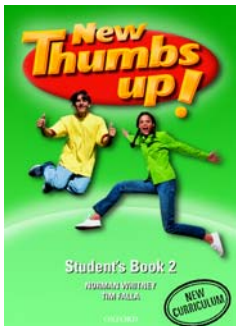

*New Thumbs up!* is the result of thorough research in the classroom. Because of this it really understands what teachers and students need from a language course.

**Clear in every way**

Everything about *New Thumbs up!* is clear: the unit structure, the pages, the headings. Students always know exactly what they are going to do.

**Presents grammar in a way that all students can understand**

The grammar sections present and practise each aspect of new grammar points separately. This means that even students who find grammar difficult can learn.

**Abundant practice helps students learn key vocabulary**

*New Thumbs up!* gives students all the practice they need to gain confidence in using new vocabulary. The first level also consolidates your students' vocabulary base by revising key items learned in primary.

**A gradual skills programme which all students can manage**

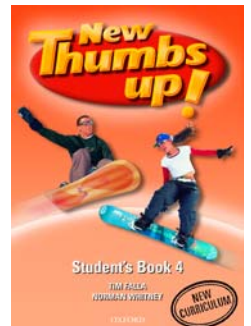

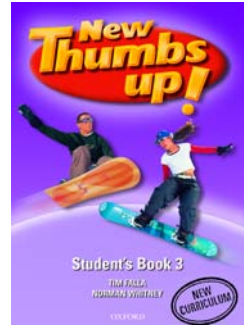

Reading and listening texts increase gradually in length and complexity throughout the four levels of *New Thumbs up!* The vocabulary is tightly controlled, making it easier for students to understand. Clear models and plenty of support help students improve their writing and speaking.

**Video for the teacher**

- \* Video for each level.
- \* Each video contains reports on British life and culture.

**Interactive CD-ROM for the student**

- \* Practice of all the *minimos* grammar points.
- \* Vocabulary activities with audio.
- \* Also contains highly motivating games.

## NEW Adventures

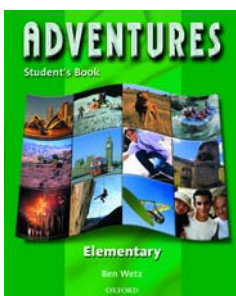

ESO 1 - 4

Ben Wetz

**Adventures is a special edition of the course Oxford Exchange, with a faster progression in levels 3 and 4.**

The first two levels of *Adventures* are very closely based on *Oxford Exchange* 1 and 2. However, the Pre-Intermediate and Intermediate levels are substantially different: they provide a more demanding grammar progression, longer reading texts and a higher vocabulary load.

- \* Highly motivating topics carefully chosen to appeal to teenagers.
- \* Clear syllabus with an analytical approach to grammar, and varied practice.
- \* Challenging and enjoyable activities which motivate students to participate fully in class.
- \* Video available at all four levels.

## NEW Gramática Oxford ESO

ESO

Pilar Cuder Domínguez, Manuela Matas  
with Raquel López

Written by Spanish teachers, the *Gramática Oxford ESO* covers all the grammar included in the *enseñanzas comunes* for all four levels of the ESO.

4309185 Gramática Oxford ESO  
846731874 0 Tests & Answer Key

### Clear and easy-to-understand explanations in Spanish

The explanations in Spanish –written by ESO and Bachillerato teachers– pay special attention to those aspects which Spanish-speaking students find most difficult.

### A step-by-step approach to teaching each grammar point

Students are led step by step to a complete understanding of each grammar point through practice activities which gradually become more demanding.

### A varied range of exercises which get students thinking

The authors have taken great care to provide students with a wide variety of exercises. In addition, the practice activities are designed to encourage students to think rather than just to follow a formula.

### Extra units for grammar extension

Extra units, designed for more advanced students, cover grammar points which go beyond those included in the *enseñanzas comunes*.

### Frequent opportunities for students to revise

Revision units give students the opportunity to consolidate and check their knowledge of the points covered.

### Colour-coding in the *Gramática Oxford ESO*

For ease of use, units which cover first cycle ESO grammar are highlighted in red, and those which cover second cycle grammar are highlighted in green.

### Tests & Answer Key

Separate booklets for ESO and Bachillerato contain a full range of tests together with the answers to all the exercises. The tests in both books are cumulative: the range of grammar topics covered in each test increases progressively.

## 44 Los modales (4): must, mustn't

En español utilizamos DEBER seguido de otro verbo para referirnos a las obligaciones. En inglés se utiliza **must** en afirmativa y **mustn't** en negativa:

**AFIRMATIVA** I/You/He/She/It/We/You/They **must** go home. (Debo, debes... ir a casa.)

Utilizamos el modal **must** seguido de infinitivo sin 'to' para:

Expresar obligación y para acciones que son necesarias (deber, tener que).  
You **must** pay attention in class. (Debes prestar atención en clase.)  
I **must** leave now, or I'll miss my train. (Debo irme ahora, o perderé mi tren.)  
NO: I **must** to leave now

**NEGATIVA** I/You/He/She/It/We/You/They **must not/mustn't** be late. (No debo, debes... llegar tard.)

Utilizamos el modal **mustn't** seguido de infinitivo sin 'to' para:

Expresar prohibiciones y para acciones que es importante NO hacer (no deber):  
You **mustn't** touch the animals. (No se debe tocar los animales.)  
I **mustn't** forget my passport. (No debo olvidarme el pasaporte.)

**Must** y **mustn't** pueden utilizarse sin cambios para acciones del presente y del futuro:

| PRESENTE  | FUTURO   |
|---|--|
| I'm tired. I <b>must</b> go to bed. (Estoy cansada. Debo irme a la cama.) | You <b>must</b> buy your ticket tomorrow. (Debes comprar tu billete mañana.)           |
| You <b>mustn't</b> speak to her now. (No debes hablarle ahora.)           | I <b>mustn't</b> miss my plane next month. (No debo perder mi avión el mes que viene.) |
