NEW LEVEL natural English

★ **Shortlisted** for the Ben Warren Prize

PRE-INTERMEDIATE TO UPPER-INTERMEDIATE
 Ruth Gairns and Stuart Redman

A modern, speaking-centred general English course that helps students use language naturally.

Students typically have gaps in their language knowledge and performance which inhibit their progress. The *natural English* syllabus is based on research into these language gaps and the course brings together current ideas in a stylish, principled, and easy-to-teach set of materials.

- * 'natural English' is a syllabus strand which enables students to integrate frequent, natural language into their language framework.
- * Students learn to use real language naturally, through thinking and rehearsal time, confidence-building practice, and task-centred speaking.
- * The listening syllabus teaches students how to listen. A slot-in listening booklet features the tapescripts plus decoding and pronunciation exercises.

"Excellent! What the classroom has been waiting for."

Tim Urwin, Premier College, London

"I particularly like the way the grammar is dealt with."

Roger Hunt, IH, Barcelona

"A more contemporary feel; a 21st century course book."

Ian Jenkins, Languages Direct, Cardiff
